WORK EXPERIENCE

Bright Vision Soft

Full-Stack JavaScript Developer (2022-2023)

- Utilized React.js to develop dynamic and intuitive user interfaces, enhancing user experience and engagement
- Demonstrated strong Proficiency in backend development using Node.js specializing in the design and implementation of robust APIs to facilitate seamless data exchange between frontend and backend systems.
- Leveraged modern JavaScript frameworks, libraries, and build tools such as Redux, Express.js, and Webpack to streamline development workflows and optimize performance.
- Applied MongoDB for efficient data storage and manipulation, ensuring scalability and reliability in database operations.

Inayat Health Center Battagram

Data entry specialist (2021-2022)

- Proficiently added new medicines to the hospital's database, ensuring accurate entry of details such as name, dosage, and administration instructions
- Conducted regular checks on medicine expiry dates, promptly updating records and flagging expired items for removal to maintain medication safety and compliance
- Collaborated with pharmacy staff to gather necessary information and updates for adding new medicines to the database
